Hi Kelsie,

Thank you for reaching out. I'm looping in @Felix Diaz, @Eligio Lara, and @Michael Balcorta, who are all very helpful and can all answer your questions below.

Sirs, any assistance you can offer is appreciated.

Have a great day!

Tara D. Oishi

Subject: Flock Camera Information

*** EXTERNAL EMAIL: Please use caution when opening links or attachments.***

Good morning,

Teresa Ruffoni, from our agency, provided me with your contact information. We recently opened a new development in Buellton across the street from the Marriott. We would like to install Flock cameras at this site, but we're trying to figure out ways to cover the costs as we don't have them budgeted for. I've contacted the Marriott to see if they're interested, and they've asked for the cost of the cameras, which I'm hoping you could assist with.

Teresa provided me with the attached invoice. I'm assuming this means that each Flock camera is $2,500, but is that for the year? And what does the Service Implementation Fee cover?
